Subject: Reyes Help with Kiewit Emergency

Mr. Reyes:

On behalf of the entire Kiewit family of companies we would like to thank The Reyes Group for help during a medical emergency one of our employees experienced Monday June 26th. The Reyes crew at O'Hare consisting of Kelly Ash, Tony Tenuda, Mike Smith, Tom Meyer, Jaime Ibarra, and Paul Danziano helped stabilize a Kiewit Quality Control Technician during a seizure and prevented the employee from further harm. The rapid reaction to the situation of the Reyes crew facilitated a quick EMS response possibly preventing further injury to our employee. We think Paul, Kelly, and the crew should be commended for handling a troubling situation in a professional and caring manner. Please pass along our heart felt thanks to everyone involved.

Sincerely,

Stu Nylund
O'Hare Project Manager
