Dear Mr. Volkov,

All too often in this industry, the project team can become lost in the moment and does not take the time to recognize the major efforts of the contractors involved. That is why we would like to send you this letter recognizing the outstanding efforts of Don Willer and his field staff for their hard work and dedication to the Taxiway WK project. The open communication and constant coordination with the Triventure made all the difference in pushing through the critical job phase of Mt. Prospect Road. Furthermore, the tradesmen in the field made major efforts to complete the work safely and they responded instantly when concerns were brought to their attention. Coupled with an unrelenting dedication to quality and expertise, Reyes Group's performance on this project embodies everything that Turner looks to in a reliable subcontractor.

I assure you that the experience we've had with Reyes Group on this project will not be forgotten by Myself, Brian, and all those involved with the project from Turner Construction. I have also copied our Management on this letter so that they know Reyes Group does outstanding work and should be contacted for future projects. We very much look forward to doing more business with you.

Sincerely,
